INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Lawrence County Public Library
Louisa, Kentucky

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities and each major fund of Lawrence County Public Library (the "Library") as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Library's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1. This includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities and each major fund of Lawrence County Public Library as of June 30, 2017 and the respective changes in modified cash basis financial position for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Library's financial statements. The budgetary comparison information – modified cash basis, board of trustees and administrative personnel schedule, and the insurance schedule on pages 16 through 18 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 9, 2017, on our consideration of the Library's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance, and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Library's internal control over financial reporting and compliance.

**LAWRENCE COUNTY PUBLIC LIBRARY
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES OF THE GOVERNMENTAL FUND TO THE STATEMENT
OF ACTIVITIES - MODIFIED CASH BASIS
JUNE 30, 2017**

NET CHANGE IN FUND BALANCES-TOTAL GOVERNMENTAL FUNDS \$ 457,608

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities - modified cash basis, these costs are allocated over their estimated useful lives and reported as depreciation expense.

Depreciation expense	(144,624)
Capital outlay	86,687

Generally, expenditures recognized in the fund financial statements are limited to only those that use current financial resources, but expenses are recognized in the statement of activities - modified cash basis when they are incurred for the following:

Amortization of bond discount	(1,274)
-------------------------------	---------

Bond and capital lease payments are recognized as expenditures of current financial resources in the fund financial statements, but are reductions of liabilities in the statement of net position - modified cash basis.

<u>130,000</u>

CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u><u>\$ 528,397</u></u>
---	--------------------------

The accompanying notes to financial statements
are an integral part of this statement.

LAWRENCE COUNTY PUBLIC LIBRARY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

(1) NATURE OF ORGANIZATION

The Lawrence County Public Library (the “Library”) was organized September 3, 1954 in accordance with section 173.720 of the Kentucky Revised Statutes (KRS). The Library provides library services to the citizens of Lawrence County, Kentucky and surrounding areas. The Library’s major sources of funding are 14.70 cents per hundred assessed valuation of real property, 16.52 cents per hundred assessed valuation of personal property, and 2.79 cents per hundred assessed valuation of motor vehicles property tax rates levied on property in Lawrence County, Kentucky.

A summary of the more significant accounting policies of the Library are as follows:

Basis of Accounting

Basis of accounting refers to when revenue and expenditures are recognized in the accounts and reported in the financial statements. It is the Lawrence County Public Library’s policy to prepare its financial statements on the modified cash basis which is a comprehensive basis of accounting that differs from generally accepted accounting principles in the United States of America. Consequently, certain revenues are recognized when received rather than when earned, and certain expenses are recognized when paid rather than when the obligation is incurred.

Fund Accounting

The Library uses funds to report on the results of operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

Basis of Presentation

The basic financial statements include both government-wide statements and fund financial statements. The government-wide statements focus on the Library as a whole, while the fund financial statements focus on major funds. Each presentation provides valuable information that can be analyzed and compared between years and between governments to enhance the usefulness of the information.

Government-wide statements - provide information about the primary government (the Library). The statements include a statement of net position – modified cash basis and a statement of activities – modified cash basis. These statements report the financial activities of the overall government, except for fiduciary activities. They also distinguish between the governmental and business-type activities of the Library. Governmental activities generally are financed through taxes and intergovernmental revenues. The Library had no business-type activities.

The statement of activities presents a comparison between direct disbursements and program receipts for each function of the Library’s governmental activities. Direct disbursements are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program receipts include charges paid by the recipient for the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Receipts that are not classified as program revenues, including internally dedicated resources and all taxes, are reported as general receipts, with certain limited exceptions. The comparison of direct disbursements with program receipts identifies the extent to which each governmental function is self-financing or draws from the general receipts of the Library.

Fund financial statements - provide information about the Library's funds. Separate statements are presented for the governmental fund categories. The emphasis of fund financial statements is on major funds, each displayed in a separate column. The Library has one major fund, the General Fund.

General Fund - The General Fund is used to account for all financial resources of the Library.

The accounting and reporting treatment applied to a fund is determined by its measurement focus and basis of accounting. All governmental fund types are accounted for using the modified cash basis of accounting. As such, the measurement focus includes only those assets and fund balances arising from cash transactions on the Statement of Net Position – Modified Cash Basis and the Statement of Activities – Modified Cash Basis. Receipts are recognized when received and disbursements are recognized when paid. This differs from U.S. generally accepted accounting principles, which requires the government-wide financial statements to be reported using the economic resources measurement focus and the accrual basis of accounting. Under this measurement focus and basis of accounting revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The governmental fund financial statements were also reported on the modified cash basis of accounting. As such, the same measurement focus and basis of accounting were used, as described above. This differs from U.S. generally accepted accounting principles, which require the governmental fund financial statements to be reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this measurement focus and basis of accounting revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, expenditures related to compensated absences and claims and judgments are recorded only when payment is due.

Cash and Investments

The Library's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

Kentucky Revised Statute 66.480 authorizes the Library to invest in U.S. Treasury obligations, U.S. Agency obligations, certain Federal instruments, repurchase agreements, commercial banks' certificates of deposit, savings and loan deposits, Commonwealth of Kentucky investment pool and the Kentucky League of Cities investment pool.

Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated fixed assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$1,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Useful Lives</u>
Buildings and improvements	10-40
Furniture and equipment	3-10
Vehicles	5
Books	8

Restricted Assets

Assets are reported as restricted when limitation on their use change the nature or normal understanding of the availability of the assets. Such constraints are either externally imposed by creditors, contributors, grantors, or laws of other governments, or are imposed by law through constitutional provisions or enabling legislation.

Fund Balances

The following classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

- Nonspendable fund balance - amounts that are not in spendable form (such as inventory) or are required to be maintained intact;
- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders and higher levels of government), through constitutional provisions, or by enabling legislation;
- Committed fund balance - amounts constrained to specific purposes by the Library itself, using its decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the Library takes the action to remove or change the constraint;
- Assigned fund balance - amounts the Library intends to use for a specific purpose (such as encumbrances); intent can be expressed by the Library or by an official or body to which the Library delegates the authority;
- Unassigned fund balance - amounts that are available for any purpose; unassigned amounts are reported only in the General Fund.

When committed, assigned, and unassigned resources are available for use, it is the Library's policy to use committed and assigned resources first, then unassigned resources as they are needed.

Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. Net position reported as unrestricted is the net position that does not meet the definition of "net investments in capital assets" or "restricted net position".

The Library applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

Bond Discounts

Bond discounts are being amortized over the life of the bonds using the effective interest method.

Accrued Liabilities

All accrued liabilities related to payroll are reported in the government-wide financial statements.

Income Taxes

The Library qualifies as a local government taxing district and therefore is exempt from federal and state income taxes.

Budgeting

The Library prepares an annual budget as required by the Kentucky Revised Statutes in establishing budgetary data reflected in the financial statement. The Library's budget is approved by the Board of Trustees.

(2) COMPENSATED ABSENCES

Employees are granted vacation benefits in varying amounts depending on tenure with the Library. Sick leave accumulates on the same basis as annual leave but may not be taken until after six months of employment. Sick leave may accumulate up to 40 days.

Since the Library prepares its financial statements on the modified cash basis, as described in Note 1, no liability or expense for the estimated current portion of the unpaid compensated absences have been recorded.

(3) CAPITAL ASSETS

Capital assets activity for the year ended June 30, 2017 was as follows:

<u>Governmental Activities</u>	Balance June 30, 2016	Additions	Deductions	Balance June 30, 2017
Capital Assets, Not Depreciated:				
Land	\$ 191,542	\$ -	\$ -	\$ 191,542
Construction in progress	-	-	-	-
Total Capital Assets, Not Depreciated	<u>191,542</u>	<u>-</u>	<u>-</u>	<u>191,542</u>
Capital Assets, Depreciated:				
Buildings and improvements	3,757,916	37,081	-	3,794,997
Books	505,525	34,519	-	540,044
Vehicles	104,605	-	-	104,605
Software	-	8,356	-	8,356
Furniture and equipment	264,586	6,731	-	271,317
Total	<u>4,632,632</u>	<u>86,687</u>	<u>-</u>	<u>4,719,319</u>
Less: accumulated depreciation				
Buildings and improvements	777,793	95,521	-	873,314
Books	419,773	21,158	-	440,931
Vehicles	26,152	10,460	-	36,612
Software	-	836	-	836
Furniture and equipment	196,472	16,649	-	213,121
Total accumulated depreciation	<u>1,420,190</u>	<u>144,624</u>	<u>-</u>	<u>1,564,814</u>
Total Capital Assets, Depreciated - Net	<u>3,212,442</u>	<u>(57,937)</u>	<u>-</u>	<u>3,154,505</u>
Governmental Activities Capital Assets - Net	<u>\$ 3,403,984</u>	<u>\$ (57,937)</u>	<u>\$ -</u>	<u>\$ 3,346,047</u>

Depreciation expense for governmental activities totaled \$144,624 for 2017.

(4) DEBT

The following is a summary of changes in long-term debt of the Library for the year ended June 30, 2017:

<u>Governmental Activities</u>	Balance June 30, 2016	Additions	Reductions	Balance June 30, 2017	Due Within One Year
General Obligation Bond Series 2008	\$ 1,995,000	\$ -	\$ 130,000	\$ 1,865,000	\$ -
Discount on bonds	(21,054)	-	(1,274)	(19,780)	-
Total Governmental Activities	\$ 1,973,946	\$ -	\$ 128,726	\$ 1,845,220	\$ -

The Library remitted the required debt service payment due July 1, 2017 prior to year-end. Therefore, no amounts are due within one year of the date of the financial statements.

General Obligation Bond Series 2008

On September 1, 2008, the Library issued \$2,880,000 in General Obligation Bonds (Series 2008) with interest rates from 4.25% to 4.95%. The bonds were sold at a discount of \$28,800, which is being amortized over the life of the bonds. The proceeds were used for the construction of the new library building.

The annual requirements to amortize the indebtedness at June 30, 2017, are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2018	\$ -	\$ 44,507	\$ 44,507
2019	135,000	86,113	221,113
2020	140,000	80,025	220,025
2021	145,000	73,541	218,541
2022	150,000	66,718	216,718
2023-2027	880,000	214,842	1,094,842
2028-2029	415,000	20,914	435,914
	<u>\$ 1,865,000</u>	<u>\$ 586,660</u>	<u>\$ 2,451,660</u>

(5) PENSION PLAN

The Library participates in defined contribution plans for its full time employees, with the employee contributions being administered by the Kentucky Employees' Deferred Compensation Authority, and the Library's matching contributions being administered by Nationwide Retirement Solutions.

Benefit terms, including contribution requirements, are established and may be amended by the Library's Board of Trustees. For each employee in the pension plan, the Library is required to contribute 100% of participant's salary deferral contributions for each plan year, with a cap of 6% of salary deferral contributions. Employees are immediately 100% invested in their own and the Library's contributions and earnings. Employees are permitted to make contributions to the pension plan, up to applicable Internal Revenue Code limits. For the year ended June 30, 2017, the Library recognized contribution expense of \$9,696.

(6) CONCENTRATION OF CREDIT RISK

The Library maintains cash balances at several local financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At June 30, 2017, additional security was pledged by one financial institution to collateralize deposits in excess of the FDIC insured amount. At June 30, 2017, the carrying amount of the Library's deposits with local banks was \$5,831,711 and the bank balances were \$5,837,318. Of the bank balances, \$482,948 was uncollateralized. The Bank balance is categorized as follows:

Amount insured by FDIC	\$ 1,121,346
Additional pledged securities	4,233,024
Uncollateralized	<u>482,948</u>
Total	<u>\$ 5,837,318</u>

(7) RISK MANAGEMENT

The Library is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the Library carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

(8) CONTINGENCIES

The Library receives funding from State, and Local government agencies and private contributions. These funds are to be used for designated purposes only. For government agency grants, if based on the grantor's review the funds are considered not to have been used for the intended purpose, the grantors may request a refund of monies advanced, or refuse to reimburse the Library for its disbursements. Continuation of the Library's grant programs is predicated upon the granters' satisfaction that the funds provided is being spent as intended and the grantors' intent to continue their programs.

SUPPLEMENTAL INFORMATION

**LAWRENCE COUNTY PUBLIC LIBRARY
BUDGETARY COMPARISON SCHEDULE - MODIFIED CASH BASIS
FOR THE YEAR ENDED JUNE 30, 2017**

INDEPENDENT AUDITOR’S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Trustees of
Lawrence County Public Library
Louisa, Kentucky

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and each major fund of the Lawrence County Public Library (the “Library”) as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the Library’s basic financial statements, and have issued our report thereon dated November 9, 2017, which includes an explanatory paragraph stating that the Library’s financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Library’s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Library’s internal control. Accordingly, we do not express an opinion on the effectiveness of the Library’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses that we consider to be a material weakness (see 2017-001).

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Library's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Library's Response to Findings

The Library's responses to the findings identified in our audit are described in the accompanying schedule of finding and responses. The Library's response was not subjected to the auditing procedures applied in the audit of the financial statement and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

LAWRENCE COUNTY PUBLIC LIBRARY
SCHEDULE OF FINDINGS AND RESPONSES
FOR THE YEAR ENDED JUNE 30, 2017

(A) SUMMARY OF AUDIT RESULTS

- The auditor's report expresses an unmodified opinion on the financial statements of Lawrence County Public Library.
- A material weakness relating to the audit of the financial statements is reported in the Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*.
- No instances of noncompliance material to the financial statements of Lawrence County Public Library were disclosed during the audit.

(B) FINDINGS RELATING TO THE FINANCIAL STATEMENTS REQUIRED TO BE REPORTED IN ACCORDANCE WITH GENERALLY ACCEPTED GOVERNMENT AUDITING STANDARDS

SEGREGATION OF DUTIES (Finding 2017-001)

Condition: Due to the limited number of employees, an adequate segregation of duties has not been established. Specifically, the Director has duties relating to cash receipts, cash disbursements, payroll, and all other accounting and recording activities.

Criteria: Effective internal controls would dictate that many of these functions be separated in order to adequately protect the Library's assets.

Effect: An improper segregation of duties can subject the Library to intentional or unintentional losses due to errors or irregularities.

Recommendation: The Library should continue to review the internal control structure and segregate duties wherever possible.

Management's Response and Corrective Action: Management of the Library concurs with the finding and will continue strong oversight.
